J Scott Jenkins  
Steven H Jensen

**Board Members Absent:**

**Guests:**

**DOPL Staff Present:**

F David Stanley, Division Director  
Mitchell Jones, Attorney General Representative

#### **TOPICS FOR DISCUSSION**

#### **DECISIONS AND RECOMMENDATIONS**

**ADMINISTRATIVE BUSINESS:  
MINUTES:**

Mr. Jenkins seconded by Mr. Jensen made a motion to approve the minutes from the February 22, 2007 meeting, the motion carried unanimously.

#### **DISCUSSION ITEMS:**

Rule on Supervisor and Supervising

Mr. Ormond explained that the Legislative Rules Committee feels that there is no conformity in how any of the Divisions professions define "Supervision". Mr. Stanley is proposing adding a section to R156-1 which will primarily define three levels of Supervision; Direct Supervision, Indirect Supervision, and General Supervision. Mr. Stanley is asking all of the Boards to review his suggestions and notify the Division if they wish to incorporate all, part, or none of his suggestions, by October 2007.

Mr. Ormond further explained that the change will only affect this profession, if a licensee is placed on probation. This is due to supervision not currently being defined by this professions Statute or Rule.

After a detailed discussion Mr. Jensen seconded by Mr. Jenkins, made a motion to adopt all sections of the global definition with out modification, the motion carried unanimously.

#### 2008 Board/Committee Meeting Calendar & Parking

Mr. Ormond explained that the 2008 Board/Committee Meeting schedule has been completed. And that each Board/Committee member, has received a copy for their review. Mr. Ormond then questioned the Board to determine if they had a conflict of interest with any of the dates or times listed. The Board members did not.

Mr. Ormond then reviewed the current parking areas available to the Board Members.

The Controlled Substance Quarterly/Monthly Data-Base was then discussed. Mr. Ormond explained that the Division hoped to have the data base finalized soon. Mr. Jones questioned which Statute will protect this information, or if it will be protected by GRAMA (Government Records Access and Management Act).

Mr. Ormond later determined that the Data-Base will be considered, Private, under GRAMA.

#### Board Member – Suggestions

This issue was resolved prior to this meeting.

#### Triodine 7(2% iodine)

Mr. Ormond explained that some information was received by the Division regarding Triodine-7. He clarified that the Boards expert opinion was needed to determine whether this substance should be added to 58-37c-3, as a Controlled Substance Precursor. And if there were any concerns by the Board on IFA (Intermountain Farmers Association) selling this chemical.

After a detailed discussion it was determined that DEA (Drug Enforcement Administration) should be questioned, to determine if this chemical, if sold to the general public, could be used inappropriately. Mr. Glanville will conduct some research to determine if any other States are restricting the purchase, sale, or possession of this chemical.

*Note: These minutes are not intended to be a verbatim transcript but are intended to record the significant features of the business conducted in this meeting. Discussed items are not necessarily shown in the chronological order they occurred.*
